

Grab n' Go Boxes

I've great some great ideas for making Grab n'Go Boxes. Perfect for: Wee Pagans just starting out, Young Adults/Adults on the move, & even Witches new to the craft. You don't need to spend a fortune from a Speciality Shop, (who probably doesn't sell a child friendly version anyways) - You can build it, change it, add to it, and so much more. You decide how much money you can budget into it, how many things you already have now and how many things you can make yourself...plus these boxes let you add special items to make it yours!

START WITH A BOX! You'll need a Box about \$5 - \$10 (they can go much higher)...look in the fishing department, craft department, plastic containers & tool box sections of your local store...pick one that looks like it will best suit your needs (more on that in a moment)...and one that is priced right.

DETERMINE IT'S PURPOSE! What will be the purpose. A Travel Alter (for Sabbots or Esbats), a Child's Beginning Alter (SAFETY FIRST) Set, A Broom Closet Witch's Secret Little Box, A Grab n' Go Divination Box, the options are endless....but I will give a few suggestions to start....

I Came up with this idea when I realized they didn't sell reasonably priced kits....I know someone put a lot of hard work into those beautiful kits....but with two kids, I couldn't afford it...plus than I realized their weren't any kits for kids...so...the Grab n' Go box was created! I started with a \$6 (Fishing) Box from Walmart....everything else I already had on hand, was inexpensive to include, or I could make it myself...so please take my suggestions as that, suggestions, add or take away what you will until you are left with something that is just right for you.

Child's Explorer Box

- Small Notebook or spiral index cards
- Writing Pen/Pencil
- Magnifying Glass, Binoculars and/or, little Telescope
- Little Zip Bags (for specimens)
- Wax Paper and Crayons for rubbings
