RED LINES:

INSTRUCTIONS: Print off this sheet **twice**. Layer 1 is marked in Black and Layer 2 is in Red. Cut out the patterns on the lines and trace the appropriate Layer to its coordinating Felt. (mark the black dot on the back side of the Orange felt - to help line up the layers after they are cut out.) Now cut your pieces out of the Felt - Once Cut out, use a sparing amount of tacky glue to hold the layers in place until you are ready to sew it onto your banner. (see Making Banners II)
